

SGC SmartTrack

User Role Guide — Super Admin, Division Admin, School Head, and Encoder.
Complete instructions with screen snapshots.

Portal: <https://sgc-smarttrack.com>

Policy: DepEd Order 26, s. 2022 — School Governance Council Functionality Assessment Tool

Scope: One SDO, one domain. Not multi-tenant.

Date: 20 September 2026

Contents

1. How the portal works
2. Order of work
3. Who does what
4. Super Admin
5. Division Admin
6. School Head
7. Encoder
8. Returned or invalid MOV
9. Registration rules and positions

How the portal works

SGC SmartTrack is the school-to-division FAT platform for SDO Cadiz City. A school encodes 12 functionality indicators.

Functional status requires 10 of 12 Yes answers, each Yes backed by a valid Minimum MOV. The Validity Form is required for every packet.

One FAT packet is shared by School ID and cycle. The Encoder and School Head of the same school work on the same packet.

The school path is:

Encode → MOV files → School Head QA → Submit to Division → Validation → Result (Functional 10/12)

Order of work

1. On a new production site, open `/setup` and create Super Admin. This is available only while no Super exists.
2. Super Admin signs in and creates the Division Admin under Users & roles.
3. The School Head registers with a unique school name and School ID, then waits for Division Accept.
4. Teachers register as Encoder using that same school name and School ID. They cannot register until the Head is active.
5. The School Head accepts those teachers under Encoders.
6. The Encoder (or Head) answers Yes / No for all 12 indicators and uploads Minimum MOVs plus the Validity Form.
7. The School Head certifies QA and submits to Division. Only the Head can submit or withdraw.

8. Division reviews each MOV, Accepts or Returns flagged files, then completes the review.
9. If a file is returned: replace only that file, recertify QA, resubmit. Do not rebuild the packet.

Who does what

Action	Super Admin	Division Admin	School Head	Encoder
Create first Super Admin	Yes — /setup once	No	No	No
Create Division Admin	Users & roles	No	No	No
Accept School Head	No	Registrations	No	No
Accept Encoder	No	No	Encoders	No
Encode Yes / No	No	No	Yes	Yes
Upload MOV	No	No	Yes	Yes
Remove unapproved MOV	No	No	Remove	Request only
Certify QA and submit	No	No	Yes	No
Withdraw packet	No	No	If no MOV is valid yet	No
Accept or return MOV	No	Validation queue	No	No
Reset school and FAT data	Type RESET FAT DATA	No	No	No

1. Super Admin

Opens the portal, creates the Division Admin, watches live counts, and can clear school FAT data for a new cycle.

Platform owner. One Super Admin is created on /setup while the system is empty. Super does not encode school packets or validate MOVs.

This role can

- Create the first Super Admin on /setup.
- Create Division Admin accounts under Users & roles.
- Watch Overview, Divisions, and Cycles with live database counts.
- Reset School Heads, Encoders, packets, and MOV files without dropping Super or Division accounts.

This role cannot

- Register as a school or accept School Heads.
- Encode indicators, upload MOVs, or certify QA.
- Accept or return school files in the validation queue.

6

Watch live counts

Overview and Divisions show real database counts, not sample figures. Empty production is expected until School Heads register and Division accepts them.

Page: /super

7

Reset FAT data only when needed

On Users & roles, scroll to Reset operational data. Type RESET FAT DATA exactly, then click Clear school and FAT data. This removes School Heads, Encoders, packets, and MOV files. Super and Division stay. Do not use this as a daily tool.

Click: Type RESET FAT DATA

Page: /super/users

Notes

- Production starts empty on purpose. Do not seed demo school accounts on the live site.
- This portal is one SDO (Cadiz City), one domain. Super does not create extra divisions as tenants.

2. Division Admin

Accepts School Heads, validates MOV files, and records Functional or Not Yet Functional for SDO Cadiz City.

SDO Cadiz City SGC focal or validator. Created by Super Admin. Does not register on the public Register page.

This role can

- Accept pending School Head registrations.
- See schools that belong to this division.
- Review submitted packets, download MOVs, Accept or Return a file with a reason.
- Complete review so the school result is posted.

This role cannot

- Create Super Admin or another Division Admin.
- Accept Encoders. That is the School Head.
- Encode a school packet or certify School Head QA.

Accept School Heads

Open Registrations. Each row is a pending School Head. Confirm school name and School ID are unique, then click Accept. Teachers never appear here.

Click: Accept

Page: /division/registrations

The screenshot displays the SGC SmartTrack Division Admin interface. On the left is a dark sidebar with navigation links: Overview, Validation queue, Schools, Registrations (highlighted), and Alerts. At the bottom of the sidebar is a 'Sign out' button. The main content area is titled 'School Head registrations' with a subtitle 'Accept School Heads before they can sign in and approve their teachers.' In the top right corner of the main area are a notification bell icon and a user profile icon labeled 'JO'. The main content area contains two summary cards: 'Pending School Heads' showing a large '0' and the text 'Waiting for Division accept', and 'No pending School Head requests.' Below these cards is a large empty space. At the bottom of the interface is a light blue banner with the text 'Accept School Heads'.

Confirm the school list

Open Schools. Accepted School Heads now appear with their School ID. Encoders stay pending until that Head accepts them.

Watch returned packets come back

Notes

- Division accepts School Heads only. Encoder accept lives under the School Head Encoders page.
- Do not ask a school to rebuild the whole packet for one invalid MOV.

3. School Head

Owns the school identity, accepts teachers, certifies QA, submits to Division, and can remove or withdraw unapproved files.

Principal, Head Teacher, Teacher-in-Charge, or Officer-in-Charge. Registers with a unique school name and School ID.

This role can

- Register as School Head and wait for Division accept.
- Accept Encoder (teacher) registrations for the same School ID.
- Encode indicators and upload MOVs, or let the Encoder do that work.
- Remove an unapproved MOV, certify School Head QA, submit, and withdraw if Division has not accepted any file yet.

This role cannot

- Create Division Admin.
- Accept another School Head.
- Register a second Head with the same school name or School ID.
- Remove a MOV that Division already marked valid.

Answer Yes or No for each functionality indicator. A Yes requires a Minimum MOV on the MOV files page.

Indicator	Title	Answer	MOV	Status
F1	Members informed of roles	Yes No	Minimum uploaded	Complete
F10	Report to stakeholders	Yes No	Minimum uploaded	Complete
F11	Transparency / SRC	Yes No	None	In progress
F12	Monitoring and feedback	Yes No	None	In progress
F2	Consultative body	Yes No	Minimum uploaded	Complete
F3	Regular SGC meetings	Yes No	F13A returned	Returned

Encode the 12 indicators

Check MOV files

Open MOV files. Confirm a file for every Yes plus the Validity Form. If a draft file is wrong, click Remove. If the Encoder asked for removal, that row shows Removal requested.

Click: Remove

Submit to Division
Sample Elementary School: 2026 SGC Functionality Assessment

1 week from now

Progress:

- 1. Encode (12 / 12 FIs)
- 2. MOVs (1 returned)
- 3. School Head QA (Locked)
- 4. Submit (Blocked)
- 5. Division (Returned)
- 6. Result (Not yet)

You are here: Replace returned or invalid MOVs, then School Head QA, then resubmit.
Path: Encode → MOVs → School Head QA → Submit to Division → Validation → Functional (10/12).

Ready-to-send checklist
Division will not accept the packet until every row is clear. Returned or invalid MOVs unlock only those files for replacement.

- ✓ Cycle is open
Deadline Sep 30, 2026
- ✓ Encode 12 functionality indicators
12 of 12 encoded
- ! Replace returned or invalid MOVs
1 returned — replace the flagged file only
- ✓ Finalize Validity Form
Uploaded
- 3 School Head QA
Certify answers before send
- 4 Submit to SDO Cadiz City
Locks the school packet for validation
- 5 Division review
Composite Team checks MOVs against FAT Volume 2
- 6 Result
Functional if 10 of 12 FIs are validated

What happens after you submit

1. The school packet is time-stamped and locked.
2. It appears in the Division validation queue.
3. A validator accepts or returns each Minimum MOV.
4. If returned or invalid; replace only the flagged file, certify School Head QA again, then resubmit.
5. When 10 of 12 FIs pass, the SGC is marked Functional.

Replace returned MOV Finish Indicators Resubmit to Division

Certify School Head QA

7

Submit to Division

Click Submit to Division. The packet enters the Division validation queue. After this, files lock until you withdraw or Division returns a file.

Click: Submit to Division

Page: /school/submit

8

Withdraw if not yet approved

If you need to change files and Division has not marked any MOV valid, click Withdraw from Division. Then remove or replace files, certify QA again, and resubmit.

Click: Withdraw from Division

Page: /school/submit

Fix a returned MOV

If Division returned a file: the Encoder replaces only that file on MOV files. You certify QA again, then click Resubmit to Division.

Click: Resubmit to Division

Page: /school/movs

Notes

- School name and School ID must be unique among School Heads.
- Encoder and Head share one packet through the same School ID.

4. Encoder

Teacher who encodes Yes / No, uploads MOVs, and requests removal of a wrong file. Cannot submit to Division.

Teacher, SGC coordinator, or other school staff on the Encoder position list. Registers only after an active School Head exists for that School ID.

This role can

- Register as Encoder using the Head’s school name and School ID.
- Encode Yes / No on My assessment.
- Upload Minimum MOVs and the Validity Form.
- Request removal of an unapproved file so the School Head can delete it.
- Replace a MOV that Division returned.

This role cannot

- Register before the School Head is active for that School ID.
- Use a different school name from the Head.
- Certify School Head QA, submit, or withdraw the packet.
- Remove a file directly. Request removal instead.

Walkthrough

Follow these clicks in order. Button names match the live screens.

1 Confirm the School Head is active

Your Principal must already be registered, accepted by Division, and active. Ask for the exact school name and School ID. You cannot register until that Head exists.

Register as Encoder

Open Register. Choose I am registering as → Encoder. Select your position. Type the same school name and School ID as the Head. Use your DepEd email. Click Submit registration.

Click: I am registering as → Encoder

Page: /register

Register your school

School Heads register first with a unique school name and School ID, then wait for Division accept. Teachers register as Encoder using that same school name and School ID. The School Head approves those teachers.

Authorized DepEd personnel · SDO Cadiz City

Create account

Use your official DepEd email and create a password. Use the same unique School ID as the Head.

6

Request removal if a file is wrong

If the packet is not yet approved and a file is wrong, click Request removal. The Head is notified and can Remove the file so you can upload again.

Click: Request removal

Page: /school/movs

7

Leave QA and Submit to the Head

Open Submit to see the checklist. Only the School Head can Certify School Head QA and Submit to Division.

Page: /school/submit

Leave QA and Submit to the Head

8

Replace a returned file

If Division returns a MOV, replace only that file. The Head certifies QA again and resubmits. You do not rebuild the whole packet.

Page: /school/movs

Notes

- Position list changes with "I am registering as." Encoder positions are teacher and SGC staff titles, not Principal titles.
- One School ID = one packet. Do not invent a second school code for the same school.

Returned or invalid MOV

Division returns only the flagged file. The school does not rebuild the packet.

1. The Encoder replaces that file on MOV files.
2. The School Head certifies School Head QA again.
3. The School Head clicks Resubmit to Division.
